

## Pushing Athletes to the next level!

As former Grossmont College athletes who went on to have success at the NCAA level, it is our mission to help develop, mentor, and encourage young athletes to pursue and achieve their own goals.

The Grossmont College Men's water polo program has had a history of success unparalleled in San Diego County, with 42 All-Americans, 13 Pacific Coast Conference championships and 4 trips to the State Championship final in 9 trips to the state playoff tournament. Grossmont College has built a reputation for producing strong water polo players.

As we move forward our goal is to build off of our reputation for winning in the pool to help guide a greater number of athletes on to four-year schools. If you are somebody who has aspirations of continuing your water polo career at the two year level and beyond, then Grossmont is the place for you.
