An Innovative Learning Community

Project Success – Linked Courses

Students benefit from:

- Two and three courses linked in content, ideas, and activities;
- An opportunity to discover connections between subject matters and disciplines.

As a participant in a learning community:

- You will work with your instructors and other students in the community to understand diverse perspectives and encourage the sharing of knowledge;
- You will evaluate shared readings, and participate in assignments developed by the instructors;
- You will complete more units and earn a higher GPA than students with similar skills who did not participate in the Project.

Enrollment in a Learning Community

Learning Community courses are identified by a footnote below the course listing. These footnotes indicate the courses that are linked. You must enroll in all courses indicated in the note. Questions? Call Joan Ahrens, (619) 644-7869.

Project Success – Honors Courses

Honors courses are reserved for new students with a high school 3.2 GPA and continuing students who have completed 12 units and have maintained a 3.2 GPA. Prerequisites for English courses also must be met.
