

Grossmont College GEOLOGY AS-T Preparation for the Major

Geology – B.A. DEGREE

To receive admission preference to CSU's students can complete the AS-T in Geology. It is also important that students incorporate as much of the lower division course work found on the www.ASSIST.org articulation agreement as possible. In addition to degree requirements, students must complete CSU GE Certification or IGETC-CSU. It is important to meet with a Counselor for additional assistance.

Grossmont Subject & Number	Title	Units
Required CORE:		
GEOL 110	Planet Earth	3
GEOL 111	Planet Earth Laboratory	1
GEOL121	Earth History	4
CHEM 141	General Chemistry I	5
CHEM 142	General Chemistry II	5
MATH 180	Analytic Geometry & Calculus I	5
MATH 280	Analytic Geometry & Calculus II	4
Total Units:		27

For additional information specific to SDSU see the following SDSU web site:
<http://arweb.sdsu.edu/es/admissions/transfers/associate-transfer.html>

SDSU accepts AS-T degrees in Geology. This specific BA degree will not have an SDSU foreign language requirement. Check with a Counselor for applicability to other CSU's. The Geology AS-T requires a minimum 2.0 Cumulative G.P.A.

Students applying with the AS-T in Geology will receive priority in the admissions process but are not guaranteed admittance into the CSU of their choice.

Admission is highly competitive for most CSU's. Students are strongly advised to go above and beyond minimum G.P.A requirements and apply for admission at multiple campuses.

NOTE: These planning sheets are developed from course-to-course agreements with SDSU; they are researched and updated each year.
