

Accelerated Registered Nurse to Bachelor of Science in Nursing

Degree Completion Program | San Diego Regional Center

HIGHLIGHTS

- Accredited by the Commission on Collegiate Nursing Education (CCNE) and the Western Association of Schools and Colleges (WASC), and approved by the California Board of Registered Nursing (BRN).
- Students study in a cohort and progress through the entire program together, building relationships and creating a sense of community.
- Students are placed with preceptors for valuable clinical experiences.
- The accelerated RN to BSN instills advanced theories and skills that position graduates for a deeper level of patient care and greater roles of leadership within their organization.

BENEFITS

- Receive personalized attention in a supportive Christian environment.
- Clinical experiences are carefully and thoughtfully arranged by faculty.
- Faculty are experienced as advanced practice nurses such as clinical nurse specialists or nurse practitioners in a variety of settings.
- Take class just one night a week and complete your BSN in 15 months.
- Financial aid is available through scholarships and loans.

ADMISSION REQUIREMENTS

- 60 units or more of transferable credit.
- Current RN license.
- Some work experience may be required.
