

Congrats to the Class of 2018!

New college graduates who are transitioning out of their schools' health center coverage may now qualify for health insurance coverage through Covered California's Special Enrollment.

College grads may also qualify if they are turning 26-years-old or are being removed from their parents' health insurance coverage.

▶ Visit Covered California's website to learn about Special Enrollment options for college grads at <http://bit.ly/2rC0oJD>.
