## **Mt. Carroll Girl To Attend School In Switzerland**

MOUNT CARROLL — A Mount Carroll girl will study at the University of Geneva, Switzerland, this fall at the recommendation of the University of Arizona, Tucson, where she is a student.

Glenda Richter, daughter of Mr. and Mrs. Carlyle Richter, will sail Friday from New York City on her way to Geneva.

She was accepted by the board of foreign missions of the Presbyterian Church of the United States America for its junior year abroad plan. Before sailing, Glenda will attend a three-day orientation in New York City. She will attend language classes in Geneva prior to the opening of school as all of the classes at the University are taught in French.

Glenda was selected for her academic standing and extra-curricular activities both on the campus and in Christian Youth groups.
