59th Annual Commencement
June 4, 2020

Transforming Lives Through Education

History of the College

It was a college starting from scratch – no name, no firm location and no construction funding. But from the moment the idea was born, Grossmont College promised to become one of the county’s leading higher education institutions. Following several years of study involving both lay and educational groups, the voters of the area approved the formation of the Grossmont Junior College District in an election held Nov. 8, 1960. The first official organizational meeting of the Grossmont Junior College Governing Board occurred July 1, 1961. With an opening enrollment of 1,538, the first college classes convened Sept. 11, 1961, on the Monte Vista High School campus in Spring Valley.

In an election held Sept. 18, 1962, voters approved a \$7.5 million facilities bond. The Governing Board moved to purchase a 135-acre site located on a scenic mesa in the Fletcher Hills area adjacent to the cities of El Cajon and La Mesa. Ground was broken for the new campus in December 1963. Even before construction was completed, the administrative offices were moved to the new campus and classes opened Sept. 14, 1964. The Grossmont College campus was officially dedicated Dec. 12, 1964.

The first increment of the campus was planned to accommodate an enrollment of 2,500 daytime students, with the completed campus expected to serve 4,800 students. On Oct. 18, 1965, a second bond election for \$3.5 million was passed by area voters, making it possible to complete the master plan. New facilities were completed Sept. 25, 1967.

In 1970, state legislation changed the term “junior college” in California codes to “community college.” On Jan. 6, 1971, the San Diego County Board of Education approved a petition from the Grossmont Junior College District to change its designation to the Grossmont Community College District. On March 5, 1985, the Governing Board officially changed the name of the district to the Grossmont-Cuyamaca Community College District (GCCCD) to reflect the establishment of Cuyamaca College.

Proposition R, the district’s \$202 million facilities bond measure, was approved in 2002, allowing the construction of the Learning and Technology Resource Center, the Science Laboratory Building, the Digital Arts and Sculpture Building Complex, the Health and Sciences Complex, and a multi-story parking structure. The college’s new student center, Griffin Center, and the Student Services and Administrative Building opened in spring 2012.

In 2013, East County voters approved Proposition V, GCCCD’s \$398 million bond measure, which will make it possible to renovate or replace aging, overcrowded facilities; modernize college technology; improve safety, security, and access for disabled students; and create a Veterans Support Center and an East County Workforce Solutions Training Center.

Today, Grossmont College is transforming lives through education by offering more than 150 degree and certificate programs, including university transfer and workforce courses. Grossmont College also offers a full range of student activities and clubs, as well as 17 intercollegiate athletic teams.

Enrollment has remained steady at a level of more than 16,000 students since the mid-1970s, rising to 17,484 students in 1991 and 18,241 students in 2002. In fall 2009, enrollment exceeded 20,000 students for the first time with 20,362 students, and increased to the highest level ever in spring 2010 with 20,793 students.

The total number of degrees and certificates awarded in 2019-2020 is 4,341.

Grossmont-Cuyamaca Community College District Governing Board

Elena Adams

Linda Cartwright

Sonia Mendoza-Reyes, Student Trustee

Mission Statement

Grossmont College provides an exemplary higher education learning environment through comprehensive and innovative instructional programs and student support services. By advancing equity and inclusion, we prepare our diverse student population to lead and engage with local and global communities.

We fulfill our mission by providing the people of East San Diego County and other communities with:

- *Associate/transfer degrees and certificate programs*
- *Career education and workforce development*
- *Preparation for collegiate success*
- *Exploration of academic and career options*
- *Lifelong learning opportunities*

The Grossmont College Seal

The seal of Grossmont College is used on official academic documents. It includes the Griffin symbol, which is the half-eagle, half-lion of Greek mythology, combining their qualities of courage, strength, and swiftness. The Griffin was charged with guarding the treasures of the ancient world. The three Greek words are Tharros, Dynamis, and PhiloSophia, which means courage, strength, and love of wisdom.

Degrees and Certificates Granted

Granting of the associate in arts degree or the associate in science degree to a student indicates successful completion of basic and general educational requirements plus evidence of proficiency in a specialized field. In addition, a certificate of achievement is available to those who have attained well-defined levels of skill and knowledge in designated areas. As a member of the Western Association of Schools and Colleges and the Accrediting Commission for Community and Junior Colleges, certain courses taken at Grossmont College are accepted on transfer by the University of California, all California State Universities, and by most public and private four-year colleges and universities throughout the United States.

Commencement Program

Processional “Pomp and Circumstance” by Edward Elgar

*Welcome & Remarks Nabil Abu-Ghazaleh, Ed.D.
President*

*Greeting Lynn Ceresino Neault, Ed.D.
Chancellor, GCCCD*

Conferring of Degrees and Certificates Nabil Abu-Ghazaleh, Ed.D.

*Student Remarks Leobardo R. Rubio Payan
ASGC President*

*Commencement Address Jonathan Whitney
Class of 2020 Student Speaker*

Presentation of Class of 2020

Presentation of Degrees and Certificates of Achievement

2019-2020 Full-Time Distinguished Faculty Honoree

Irene Palacios Professor of Mathematics

This Professor of Mathematics embodies Grossmont College's motto of "transforming lives through education" because she has witnessed the transformation many times in her 19 years at the campus, and because of her own story. Growing up in an agricultural community in Arizona, Irene began contributing to the family income at the age of 12. She worked the cotton fields during the summer months and, at 15, worked the graveyard shift at a restaurant. Born to a single mother with health challenges, Irene's grandmother played a central role in providing a safe environment to grow up in. By graduating class valedictorian, Irene earned a scholarship to attend Arizona State University.

As a math major, she participated in the JBMSHP (Joaquin Bustoz Math and Science Honors Program). Mentorship from the program opened doors to summer internships at SUNY Brockport, University of Notre Dame, and Carnegie Mellon University. After graduating from ASU with a B.S. in Mathematics, Irene's summer research experience landed her a graduate teaching assistantship at Colorado State University where she later earned her M.S. in Statistics.

Irene began her career at Grossmont College in 1999, with early contributions in distance education. She designed and taught the first online math class at the college. Her work with synchronous learning caught the attention of the online community, and Irene was invited to present at two Modeling Effective Educational Technology Retreats hosted by the CCC Confer Team. For her efforts, she was awarded the Division's Teaching Excellence Award in 2011.

In the fall of 2015, Irene's passion for supporting students' academic needs led her to take on the position of Math Study Center Faculty Coordinator. In her position, Irene was instrumental in creating procedures that led to increased efficiency in the center's operation. To this day, Irene is credited for bolstering our Math Study Center, making it a welcoming place where students can get the help they need.

Most recently, Irene was recognized for her work in designing and implementing our Peer Mentoring Program, now housed under the Via Rápida FYE Program, efforts that earned her Innovator of the Year Award in 2019. Through training, she helped students develop leadership skills and equipped them with the tools needed to support incoming students. In further recognition, Irene was awarded the Distinguished Faculty Award in 2019 and the League Excellence Award in 2020.

Irene marvels at how education transformed her life and strives every day to pay it forward by helping students progress in their own journey.

2019-2020 Part-Time Distinguished Faculty Honoree

Julie Hansen

Computer Science and Information Systems Instructor

With a background in the corporate world and jobs that have taken her around the globe, Grossmont College Computer Science and Information Systems instructor Julie Hansen made a mid-career switch to begin teaching. While being a college educator came later, her love for teaching started early in life. Not taking the traditional route of attending college after high school, Julie Hansen worked at a bank in Oregon earning a position as a trainer with the test pilot program implementing the first computerized banking systems. After vacationing in Hawaii, she relocated to the islands where she continued her teaching streak educating realtors how to use their computers. Julie Hansen returned to the mainland to attend Michigan State University, earning her Bachelors' and Masters' degrees in Accounting Information Systems. After graduation Hansen worked in San Francisco at a "Big Eight" accounting firm, traveling worldwide consulting clients. Eventually settling down in San Diego she started a family, raising two boys. Finding it necessary to return to work, she rediscovered her love of teaching and accounting with an assignment at City College and now teaches at Grossmont, Mesa and Miramar Colleges, University of California San Diego, and San Diego State University.

A CrossFit athlete, Julie Hansen's equally high-energy approach to teaching is popular and her creativity in engaging students and introducing current topics including the future of everything and data analytics to Grossmont's CSIS program have garnered praise. She developed a "Shark Tank" experience where students form 'companies' and pitch their disruptive technology proposals to a group of judges. "After seeing results of what Julie accomplishes, now all the other faculty want to do this," said Clifton Quinn, department chair. "She is energetic, positive, helpful, and absolutely shows that she very sincerely cares about her students and co-workers." Julie Hansen's early efforts helped the department's transition from print to digital textbooks and teaching material brought her recognition as a trailblazer. She represents Grossmont College in the San Diego Community College Computer Consortium, an active networking and information-sharing venue for technology instructors throughout the region.

Colleagues nominated Julie Hansen for the adjunct Distinguished Faculty Award recognizing her innovative ideas. Her many contributions have greatly elevated the level of education in the CSIS program at Grossmont College. In recognition of her exemplary service and contributions to the campus, Julie Hansen was lauded with the Adjunct Distinguished Faculty Award in Fall 2019 and was nominated to receive the League Excellence Award at the League for Innovators Conference in 2020.

Student Speaker

Jonathan Whitney

If you had asked Jonathan Whitney five years ago to describe himself, he would have said: junkie, tweaker, homeless, depressed, uneducated, and felon.

Born to a 14-year-old mother who became addicted to methamphetamines, Whitney was sent to live with his aunt and uncle at a young age. When his mother learned he was suffering the abuse of his alcoholic uncle, he moved in with her at age 12. But, they were not easy years.

During that time, Whitney would move nearly 20 times, experience food insecurity, and have the police raid his home twice. With his sense of security destroyed, he left his mother to move into his grandmother's home at 16. Due to the lack of stability in his life, he found himself dropping out of high school and earning a GED.

"When I lived with my grandma, I would constantly find myself lost without any sense of what I was supposed to do in life," Whitney said. Eventually, he was convicted as an accessory to robbery as the unknowing driver of his so-called friends' getaway car. With a criminal record, Whitney believed he would never be successful and eventually fell into homelessness and methamphetamine addiction in his early 20s.

In June 2015, Whitney was at a personal crossroads where he only saw three outcomes: death, prison, or a complete turnaround. He chose the third option; he found his fiancé, became sober, found housing, and successfully completed his probation. In college, he had on-campus jobs in the library and as a tutor, earned a 3.4 GPA, and was a student representative on the District's Citizens Bond Oversight Committee. He will graduate with five associate's degrees: two for math, two for physics, and one in University Studies.

"I was inspired by the vision I have of myself in the future," Whitney said. That vision includes becoming an engineering project manager. This fall, he and his fiancé will transfer to California State University Long Beach where he will study mechanical engineering.

"My past challenges gave me the ability to face things head on without fear because I learned that even if you fail 1,000 times, it only takes one successful attempt to prove that you can achieve anything," he said.

If you ask Whitney today to describe himself, he will proudly say: accomplished, educated, optimistic, role model, sober, and happy.

Grossmont College Transfer Students

Grossmont College consistently maintains one of the highest transfer rates to local public universities, including San Diego State University and the University of California, San Diego. In addition, each fall semester, there are 22 other California State Universities and eight University of California campuses that admit Grossmont College students at the junior level. They include the following institutions:

California State University campuses:

Bakersfield
Cal Poly Pomona
Cal Poly San Luis Obispo
Channel Islands
Chico
Dominguez Hills
East Bay
Fresno
Fullerton
Humboldt
Long Beach
Los Angeles
Maritime Academy
Monterey Bay
Northridge
Sacramento
San Bernardino
San Diego
San Francisco
San Jose
San Marcos
Sonoma
Stanislaus

University of California campuses:

UC Berkeley
UC Davis
UC Irvine
UC Los Angeles
UC Merced
UC Riverside
UC San Diego
UC Santa Barbara
UC Santa Cruz

Grossmont College students also successfully transfer to private and out-of-state colleges and universities including:

Boise State
Brigham Young University
Colorado Technical University
Grand Canyon University
Liberty University
National University
Ohio University-Eastern Campus
Point Loma Nazarene University
Southern New Hampshire University
Thunderbird School of Global Management (ASU)
University of Arizona
University of San Diego
Western Governors University

Honors Graduates of Academic Year Summer 2019 • Fall 2019 • Spring 2020

The following students have maintained a 4.0 Grade Point Average in all studies.

<i>Erin Abille</i>	<i>Kevin Jardines #§</i>	<i>Devid Petrus #</i>
<i>Rebekah Alvarado</i>	<i>Michelle Sierra Johnson</i>	<i>Courtney Bryann Ravens</i>
<i>Julianna Anderson</i>	<i>Lucia Kulihova</i>	<i>Patrick J. Russo</i>
<i>Joseph Barr #</i>	<i>Caroline Lazzarotto</i>	<i>Araeli Santana</i>
<i>Sara Canelon #</i>	<i>Thomas Richard Le</i>	<i>Eric Andrew Shults</i>
<i>Amber Colton</i>	<i>Ryan David Manikowski</i>	<i>Konnor S. Von Der Lieth</i>
<i>Yousif Jabbo #</i>	<i>Ciana Garibay Penafior</i>	

The following students meet the Grossmont-Cuyamaca Community College District graduation Honors criterion of earning a 3.5 Grade Point Average for all academic studies completed.

Associated Students of Grossmont College (ASGC)

MISSION STATEMENT: *The ASGC strives to represent the interests and concerns of all Grossmont College students through improving the quality of campus life, promoting awareness of issues affecting students, and providing philanthropic support that strengthens partnerships within the campus community.*

HISTORICAL OVERVIEW: *The ASGC was created July 1, 1961, to serve the students of Grossmont College. Early in the college's existence, the ASGC selected the college colors (green and gold) and mascot (griffin), and established student government. The ASGC was instrumental in the building and operating of the bookstore, financing scholarships to countless students, providing needed equipment and technologies campuswide, and launching the district's phone-in registration system. In recent years, the ASGC supported the Prop. R facilities bond issue and funded the major portion of the resurfacing of the running track.*

The ASGC continues to be the source through which Grossmont College students expand their experiences far beyond what they obtain from classroom instruction alone.
