GROSSMONT  
COLLEGE

# A Message from the Title V - Via Rápida Director

Griffins,

You've completed your FIRST semester at Grossmont College! The completion of each semester is a testament to your ability to be successful! We hope your experience with Grossmont College has met or exceeded your expectations. Your academic, personal, and professional success is important to us. As you conclude this semester, be sure to finish as strong as possible. Our office and peer mentors are here to provide you with support and resources, so please take advantage.

Now that you have completed a semester, you're on track to completing your college education! Transitioning into the spring semester gives you another opportunity to make progress on your goals. If there's something that you wanted to accomplish this fall semester and simply weren't able to, revisit that goal and work towards it in the spring! Remember to enjoy your educational journey and make the best of it.

Cheers,

Juan Carlos Reyna, M.S.Ed

# Student of the Month

## Marcella Yousif

*Major: Psychology*

Marcella is a first year Grossmont College student, who is extremely driven and goal oriented. She plans to get her associates and transfer to SDSU to study Psychology and pursue family and marriage counseling. Although Marcella does not have as much free as she wishes, she likes to unwind and relax by watching Netflix and Hulu, and eating some of her favorite food!
